

# Welcome!

TDAR Closing Conference  
Stockholm, September 9, 2015

# TDAR

- Spreading knowledge and awareness of new approaches in workplace learning

# Stockholm Gerontology Research Centre

- Founded 1986 by City of Stockholm and Stockholm County Council. Mission to conduct and communicate research findings of specific relevance to elderly and their situation in society.
- Forms together with Aging Research Centre (Karolinska Institutet, Stockholm University), SNAC and Swedish Dementia Centre the House of Aging Research
- Project owner of TDAR

# TDAR – Project Aim

- TDAR – Transfer and Development of ArbetSam Results
- To transfer a new conceptual framework in training with a new methodology in which not only the target group for vocational training is involved, but also **the managers** and **key personnel** in the organisation.
- To pilot and further develop the results

# Project Partners

There are five countries involved in the project TDAR

- **Sweden**

- **Germany**

- **England**

- **Spain**

- **Belgium**

# Predecessors of TDAR

- Stockholm Competence fund (2003 -2006)
- APU (2006- 2008)
- SpråkSam (2009 -2011)
- **ArbetSam** (2011-2013)
